

composition: fine fiber mb / mb / fine fiber mb
polypropylene composite (3-ply)

part number: P5YH3848-100

dimensions: 38 x 48 cm / 15 x 19"

grade: heavy

packaging: 100

pallet quantity: 30

package weight: 5.46 kg / 12.1 lbs

color: yellow

absorption: 106.5 liters / 28.2 gallons

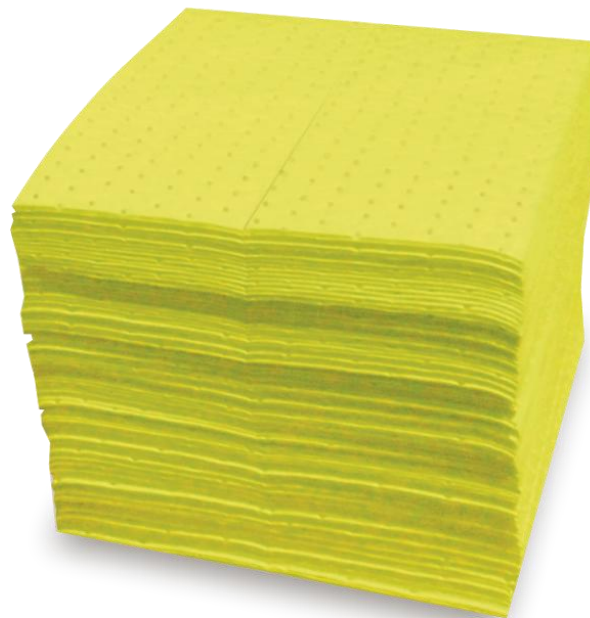

fluids absorbed: HAZMAT (most fluids, including acids and bases)

product information and usage:

Fine fiber polypropylene composites grip smooth surfaces when saturated. They also remove the sheen from your floors. Perforated for waste minimization, tear off what you need for your particular application.

features:

- microfibers absorb fluids quickly
- grips most surfaces when saturated
- removes the sheen from floors
- perforated for waste minimization
- available in both pads and rolls
- absorbs acids, bases, and unknown fluids
- superior fluid retention

We do not recommend disposal methods. Consult with local, state, and federal authorities, as well as licensed waste haulers for specific options. Methods include landfill, incineration, and recycling (centrifuge, washing, and/or wringing).

Review our chemical compatibility chart, which is located in our website footer. For your safety, and if you are uncertain of possible chemical reactions or absorption non-performance, we recommend that you conduct compatibility and absorption testing of your chemicals with samples of these products. The compatibility chart is simply a guide.
