product information and usage:

This economical, dual-textured sorbent is great for wiping greasy tools and machine parts and for absorbing viscous fluids. One side is smooth, abrasion-resistant, and lint-free. The other side has an open fiber construction.

features:

- one side smooth and abrasion-resistant
- perfect for wiping tools and machine parts
- one side porous for thicker fluids
- poor man's dual-textured sorbent
- available in both pads and rolls
- absorbs oils, water, coolants & solvents
- perforated for waste minimization

*We do not recommend disposal methods. Consult with local, state, and federal authorities, as well as licensed waste haulers for specific options. Methods include landfill, incineration, and recycling (centrifuge, washing, and/or wringing).*

*Review our chemical compatibility chart, which is located in our website footer. For your safety, and if you are uncertain of possible chemical reactions or absorption non-performance, we recommend that you conduct compatibility and absorption testing of your chemicals with samples of these products. The compatibility chart is simply a guide.*
