

<u>composition:</u>	spunbond / meltblown / fine fiber polypropylene composite (3-ply)
<u>part number:</u>	R6GNH3846-2
<u>dimensions:</u>	38 cm x 45.8 m / 15" x 150'
<u>grade:</u>	heavy
<u>packaging:</u>	2
<u>pallet quantity:</u>	18
<u>package weight:</u>	10.41 kg / 23 lbs
<u>color:</u>	green
<u>absorption:</u>	197.8 liters / 52.3 gallons
<u>fluids absorbed:</u>	UNIVERSAL (oil, water, coolants, and solvents)

product information and usage:

Green spunbond/meltblown/fine fiber composites are our most versatile, highest performing pads. The spunbond side is smooth, abrasion-resistant, and very durable. The fine fiber side is soft and highly absorbent. These pads are best used on the floor with the fine fiber side down.

features:

- dual-textured composite
- smooth/abrasion-resistant top layer
- fluffy, highly absorbent center layer
- soft, highly absorbent bottom layer
- bottom layer grips when wet
- removes sheen from the floor
- absorbs oils, water, coolants & solvents

We do not recommend disposal methods. Consult with local, state, and federal authorities, as well as licensed waste haulers for specific options. Methods include landfill, incineration, and recycling (centrifuge, washing, and/or wringing).

Review our chemical compatibility chart, which is located in our website footer. For your safety, and if you are uncertain of possible chemical reactions or absorption non-performance, we recommend that you conduct compatibility and absorption testing of your chemicals with samples of these products. The compatibility chart is simply a guide.
