product information and usage:

Spunbond polypropylene membranes are smooth and abrasion-resistant. They withstand wear and tear, and they are great for wiping down greasy tools and equipment. Perforated for waste minimization, tear off what you need for your particular application.

features:

- smooth and abrasion-resistant
- will not lint or shed
- perfect for wiping tools and machine parts
- extremely durable and resilient
- perforated for waste minimization
- available in both pads and rolls
- absorbs hydrocarbons and repels water

*We do not recommend disposal methods. Consult with local, state, and federal authorities, as well as licensed waste haulers for specific options. Methods include landfill, incineration, and recycling (centrifuge, washing, and/or wringing).*

*Review our chemical compatibility chart, which is located in our website footer. For your safety, and if you are uncertain of possible chemical reactions or absorption non-performance, we recommend that you conduct compatibility and absorption testing of your chemicals with samples of these products. The compatibility chart is simply a guide.*
