We do not recommend disposal methods. Consult with local, state, and federal authorities, as well as licensed waste haulers for specific options. Methods include landfill, incineration, and recycling (centrifuge, washing, and/or wringing).

Review our chemical compatibility chart, which is located in our website footer. For your safety, and if you are uncertain of possible chemical reactions or absorption non-performance, we recommend that you conduct compatibility and absorption testing of your chemicals with samples of these products. The compatibility chart is simply a guide.
